DIAMOND SPECTACLES

THESE SPEC...LES ARE MANUFACTURED from "Minute Crystal" glass, melted together and called DIAMONDS on account of their hardness and brilliancy. Having been tested with the polariscope, these lenses have been found to admit ultra-violet, long heated rays than any other glass. They are ground with great scientific accuracy, are free from chromatic aberration, to produce a brightness and distinctness of vision before attained in spectacles. Manufactured by the Spencer Optical Manufacturing Co., New York. For sale by responsible agents in every city in the Union.

JOHN C. FOX,

Jeweler and Optician, Sole Agent for CARSON CITY, NEVADA, where they can only be obtained. Persons employed.

H. M. YERINGTON
General Superintendent.

Take Warning!

THE V. & T. R. R. COMPANY ARE

anxious to take due precaution against accidents and loss of life resulting from running their trains; and they take this method of warning Parents and Guardians against the dangers attending the too common practice of children playing about their cars and locomotives. Those having charge of the business of the Company find it impossible to PERSUADE those who frequent the terminals and stoppages of the road from climbing upon the cars and engines, and they will feel themselves obliged to resort to more decided measures if these annoyances are continued. Recent accidents, which are wholly attributable to the carelessness of persons jumping on and off the cars in motion, should be warning enough in themselves.

H. M. YERINGTON

Notice to Debtors!

I TAKE THIS METHOD OF NOTIFYING those who became indebted to me while I was running the KING'S REET STORE that I shall place all unsettled bills in the hands of Constable STEPHENS for collection on the

5TH day of August, 1852.

He will be authorized to collect and receipt for me.

N. B.—This has exclusive reference to bills contracted at my old King Street Stand and none other.
